#### HISTORY

With the blessings of Late Maharashtra Governor and sanctioned by Government of Maharashtra, to provide the technical education in rural area, Government College of Pharmacy is located on a beautiful sprawling campus of an eight acres near the bank of Krishna-Ajanta river at Karad. Being the first Government Institute in Maharashtra, it has always inspired a distinguished identity among the other colleges affiliated by Shivaji University, Kolhapur. The college is approved by All India Council for Technical Education, New Delhi, Pharmacy Council of India, New Delhi and Directorate of Technical Education, Maharashtra State, Mumbai.

Right from the inception with the establishment of its department in the Government College of Engineering, Karad in 1954 to offer diploma course in Pharmacy, the college expanded into the post graduate research course in pharmacy in 1992 with an independent entrance. Currently, the college is offering two courses in pharmacy including PG D. programme.

The college is well equipped with strong infrastructural, instrumental and library facilities to jet the requirements of modern curriculum. The college has well qualified teaching and trained supporting staff working with perfect justice synchronized works for the betterment of students and society at large.

In addition to that many of our students have become an asset of foreign universities for higher education and alumni are clearing the positions as top professionals in various industries, industries and contributing towards the strengthening of the healthcare system of the nation.

The college has received research grants from State and Central Government funding agencies. The contribution of the teaching faculty for creating and sustaining the academic and research atmosphere in the college through their research publication in peer reviewed national and international journals is much appreciated.

During the journey of five decades the college has achieved many milestones. The college is a recipient of an ISO 9001:2008 Certified award in 2012.

Today, India has attained the status of the world as an emerging superpower nation where the contribution from the pharmaceutical sector in developing and sustaining the economic growth rate cannot be neglected. Considering the opportunities presented by technological changes and globalisation, we are committed to provide innovative talents from pharmacy sector to the nation through an excellent academic and research education system.

### NEWS & NOTIFICATIONS
